**City of Napa Parks and Recreation Facilities Master Plan  
Open-Ended Youth Questionnaire Responses**

**12. Do you have any other ideas or comments about Napa's parks, recreation programs or facilities?**

**Access/ Connectivity**

It would be nice to have short cuts to schools and parks and stuff so when me and my friends want to go to Vintage from Marketing and highlighting the functions of public transportation could really help increase use of facilities and programs. I do not think separating teens from young adults specifically is necessary - many young adults (20s) also do not have services provided for them.

The Napa Jr. Girls Softball Field is mostly were I play sports. I think we should have more paved bike trails.

**Active Rec**

A multiuse sports complex is needed with soccer fields and baseball/softball fields. Good Skate park and teen center is needed.

I strongly feel that Napa should have a sports complex for public use. Our youth would gladly enjoy having it.

it needs a city baseball field and a public access gymnasium

the needs for the youth start in schoolBasketball is one of those needs of teens.but the fealds for playing are so bad/we need covered and lighted courts.

We need more fields to play sports on.

We need to expand on more sports. Make it more accessible to families.

**Amenities**

My mom won't go to some parks that I like because they don't have bathrooms--like Westwood Hills.

Need more swings. And more maintenance. Napa needs a motocross track.

They could use more snack machines.

**Aquatics**

Indoor pool

Napa is in desperate need of a community pool for use by water polo, swim teams, diving teams, etc!

**Community Center**

A Swimming Pool, and A Community Center with area for every age group is NEEDED in this town!! Including Indoor Soccer Feilds and Basketball, Accessable Tennis Courts and Badmiton Courts as well and for the elders some bocce ball areas as well... Indoor and Outdoor Areas for recreation, and with good Lighting.

why don't we have a community rec center like other communities. adults in government are extremely self serving and that needs to change. kick the bums out and get rid of the kangaroo court judges too while you're at it. oh wait a second, that's the county's mess...nevermind, my bad.

Napa needs recreational areas downtown, just because Napa is trying to cultivate to tourists does not mean that it should ignore its youth. Kids need somewhere to go that they know they can find a game to join. For this reason it is better if all the activities offered are consolidated into one area.

**Facilities**

more gymnasiums, fitness centers, dance centers, and horse riding lessons for kids in napa

More open door gyms.

Need a teen center and other places to hang out.

Not everyone skateboards and goes to the BMX track. That's less than 1% of the teens in Napa. We need an indoor space that's our own like a teen center.

The movies and bowling alley is okay, but it just got too old after a while you get tired of the same thing weekend after weekend. We need more FUN places for teens to chill and just hang out!

**City of Napa Parks and Recreation Facilities Master Plan  
Open-Ended Youth Questionnaire Responses**

**Facilities continued**

The parks are nice but it would be nice to have something in Napa to do other than the movies, which now costs 10 dollars to go see one movie, and the bowling alley that isn't really that safe after 9 pm. An ice skating or rock climbing place would be a great addition. Or a indoor Swimming recreation center with lots of pools and slides that would be accessible all year round for any age.
There should be a miniature golf course and a tennis court.
We need more of them. There are no fun places to go like a teen center. I like tennis so more tennis courts.
We should get clubs for teenagers. Need a mall can't go to Fairfield. New movie theater that does show A. American movies. Need programs for tutoring.
We should have indoor paintball so families and friends can have fun!
We definitely need more places for teens to just hang out in a safe environment and have fun.

**Ice Skating**

Add an ice skating/rollerblading rink!!!!!!
I would love to have an Ice-skating Rink in Napa. I know several other people who would enjoy it as well. Please continue in
Ice skating ring, arcade
NAPA NEEDS A ICE SKATING RINK TO SUPPORT, FIGURE SKATING AND A ICE HOCKEY LEAGUE. PUBLIC
We should have an ice-skating rink!

**Maintenance**

baseball fields need to be worked on.
Improve upon what we have, don't try and put in new stuff, what we have is adequate, and all that it needs is to be more friendly to the public, and more eye appealing
People need to clean it once in a while.
The state of the playing fields for games such as soccer is awful. The surfaces are uneven, the gofers(sp?) are all over the place and in general the condition of most fields requires serious attention.
Would like to see the Laurel Street Park upgraded.Thanks

**Mall**

A mall would be nice.
Get a mall
Get a mall
I strongly suggest that you guy make a Mall in Napa because whenever we want some good clothes, we have to drive over
More swings and malls
We need a MALL! Or a BIGGER movie theater.
We really need a mall and some new things because Napa is boring!
We should have an indoor mall.

**City of Napa Parks and Recreation Facilities Master Plan  
Open-Ended Youth Questionnaire Responses**

**Other**

Napa, from my point of view, should be focusing more on open park spaces for public use rather than the development of tourist accomodations such as new hotels and huge parking garages. If Napa is so desperate for tourists that the needs of these prospective customers come before the needs of the community, then we are definitely focusing on the wrong things.
A significant cause of teenage delinquency is not having anything enjoyable or productive to do. With more opportunities to get a job or say, join a musical or athletic group in the evening, Napa would have reduced drug and gang problems. It would also help to introduce more competition into Napa in the form of another movie theater, as cheaper movie tickets would help that many more teenagers find something enjoyable to do.
I don't think this should all be for young people. Older people should be able to enjoy all of this too!
I really encourage getting a P.F.L.A.G. program going in Napa.
I would love to see more parks and openspace, and public transportation linking parks
Mainly, I think Napa's pretty boring. There's nothing to do here.
more minimally developed open space, other than parking, for walking, hiking, biking, dogs, access for all
More park
Napa does not have much to do that is why everyone is miserable.
napa lacks an ultimate frisbee team. this sport is fun and easily played by all skill levels, and should be included somhow in the rec departments services. napa also really needs a public swimming pool.
napa needs a longboard store
one place where I can do all sports
Other than the lack of access to cool stuff to do in Napa?
Should get batting cages and maybe ice skating/roller rink.
Y'all need to replace that Mervyn's with like some good stores like American Eagle and/or Against All Odds. If you had a mini mall here in Napa there would be people there everyday.
Yes, an Air Soft Arena
I think that kids need more places to hang out and play

**Programming**

Can you guys have piano lessons.
Have concerts for teens to attend
I would like to see more art activities here in our Napa community
It would be cool if people would come and talk about the program they have to school
More drop in dance/yoga classes!
more to do for kids who are in school. I don't play on playground equipment.
Music ed important to me
Napa needs more things for teens to do, that's why this town has a teenage drinking problem.
need different activities, better and more skate parks
Need more dances! It's not only fun but a great way for kids to socialize with others.
There should be a place where you can hang out with your friends and parents don't have to worry about where you are.
There should be more in Napa for kids, not just wine for the adults.
We need a Battle of the Bands!
We need more fun things to do for a reasonable affordable price!
We need things for all ages and inexpensive. I like to play soccer, play tag, play on the equipment and ride my bike.
We should have an 18 and under club once or twice a week!

**Safety/ Cleanliness**

We need more save areas to play.
They need to be more clean and child friendly.

**City of Napa Parks and Recreation Facilities Master Plan  
Open-Ended Youth Questionnaire Responses**

**Skate Park/ Skate Spots**

a boy at the community meeting spoke about adding small spots to skate all over napa rather than a skatepark. the idea seems very good, but eventually we will need a new skatepark
A new skatepark should be made in Napa.
build a new skate park before you take down the old one. we will skate down town if u dont and i dont think u will like that very much. we all really have it planed out. and if u build a new skate park put lights
build a new skatepark PLEASE WE NEED ONE
GET A GOOD SKATEPARK
I think there should be at least 1 skatepark in every part of Napa. Example: 1 in the north side, 1 in the west side, etc.
It would be so cool if we had a skate park!
More Skateboard Parks
my freinds i would really like to see a good skate park and a bmx dirt jump park. it could even be part of the bmx track we currently have which is alot of fun also but it is not the same.thank you
napa skatepark is a horrible environment for people to learn to skateboard, it is very out dated, run-down, and a bad place to be. the city of napa is in desperate need of a new skate park, possibly with lights for weekend night skating. the reason skateboarders "reek havoc" in the streets of napa is because they don't have a nice skateboard environment, we chose not to skate at the napa skatepark, due to the bad people who hangout there, and the horrible quality of it.please consider napa getting a new skatepark and talk to a professional about the layout of this skatepark, or the skateboarders of napa could help.
Need to make better places so people can go and use the bike or skateboard.
New skate park/more ramps, etc.
new skatepark!!!
Npa really needs a skatepark that is safe and not a hangout for mean teenagers that cause trouble. the kids who really skate sometimes get harrassed. If the park was enclosed by a fence and you had to pay like the one in Folsom and in Coronado then those teenagers wouldn't be there hanging out. It is only \$4.00 to skate the entire day in Coronado, or you can get a one year membership if you live there for \$60, and they require helmets and pads. The one in Folsom plays music on loud speakers. There are always lots of kids there having fun skating and no losers smoking cigarettes.
Our skatepark is too old. We need a new one that is good.
please Napa make a new better skate park that's open all the time but that isn't down town because that's to far to walk or skate like put it closer to vintage high school or Napa high school or by the vine hill half pipe by north wood elementary school and let the people that work at board garden help or the people from pressure skate boards that would be cool thanks bye
Skate park, and a place to chill with them girls.
the napa skate park needds to be better and bigger for kids to hang out play their favorite sports and just be kids
we need a better skatepark and if so it will keep the napa locals outta trouble..and people will travel to napa to skate
We really need a good skatepark. Skateboarding keeps me away from things such as drugs and breaking laws. If we got a skatepark more kids would fall in love with skateboarding and skate, and less would fall to boredom and do drugs or break the laws.
we should add a skate park in Napa because our skate park is unsafe and incredibly small.
with the help uv boardgarden we (the skaters) could have cooler and bigger skatepark 4 people 2 hangout
first lets built a better bigger skatepark and then we can make a huge indoor snowboarding hill like in china.....
